Shelf Life Submission Form

Directions for product submission: Submitted products **must be in their original finished packaging** in order to accurately analyze their shelf life. Please include with the product submission any applicable information such as batch ID, manufacturing date, and ingredients in product. Please note that we will require a **minimum of 5g or 5ml at each testing interval** in order to complete the necessary potency and microbial testing. If your product contains less volume than this, please include extra products as needed.

A minimum of two samples must be submitted, with one additional product added per designated time interval as outlined below. One of these will be placed in the acceleration chamber while the other will act as a control.

Sensory analysis will be completed on the same product that undergoes accelerated testing, with the option to add a real time sensory analysis as well. If real time sensory analysis is desired, please include an additional product.

Customer Name: _____ **Email:** _____

Phone Number: _____ **Address:** _____

Please complete the table below with the applicable information:

Product Name	Product Packaging Type (ex: glass bottle)	Desired Length of Accelerated Time	Real Time Sensory Desired (Yes/No)	Number of Samples Submitted
		<input type="checkbox"/> 3 months – 2 units <input type="checkbox"/> 6 months – 3 units <input type="checkbox"/> 9 months – 4 units <input type="checkbox"/> 12 months – 5 units <input type="checkbox"/> 24 months – 6 units	<input type="checkbox"/> Yes (Please include 1 additional product) <input type="checkbox"/> No	
		<input type="checkbox"/> 3 months – 2 units <input type="checkbox"/> 6 months – 3 units <input type="checkbox"/> 9 months – 4 units <input type="checkbox"/> 12 months – 5 units <input type="checkbox"/> 24 months – 6 units	<input type="checkbox"/> Yes (Please include 1 additional product) <input type="checkbox"/> No
